

ClassOne.java

```
1 public class ClassOne {  
2  
3     public void displayInfoOne(){  
4  
5         System.out.println("Hello everyone,");  
6         System.out.println("This method is from ClassOne,");  
7  
8     }  
9  
10  
11 }
```
